

## Pie Peddler Pro Fundraiser Benefits

The Pie Peddler Pro Fundraiser provides a variety of benefits to your organization.

- ☑ ***We bring our bakery to you.***  
Fresh baked pies are hard to find, let alone in a convenient manner. The Pie Peddler Pro provides an expanded menu of our fresh baked pies from the original 9 flavors to 20 Pie Peddler flavors! This provides a wide selection of fresh baked pies right to your customer's doorstep! The minimum order for a Pie Peddler Pro sale is 2000 pies. This program is not available during a holiday or seasonal (November/December) period.
- ☑ ***Final revenue split is 50/50.***  
This program provides your school/organization an additional \$.50 profit per pie sold over our original program.
- ☑ ***Pie Distribution.***  
We will deliver the pies to you at your desired time and location and stay for up to four hours to help organize and distribute the pies to your sellers that day. The Pie Peddler will provide all materials (forms and software) needed to conduct your Pie Peddler Pro sale.
- ☑ ***WHY the enhanced program?***  
This program is being offered to a limited group of schools and organizations. The program is intended to provide **you** our original program on a larger scale (leading to larger returns), while helping **us** cover overhead during very slow retail months of the year.
